

[www.jirao-design.com](http://www.jirao-design.com)

Product design student at artcenter college of design, passionate about user-centered innovation. Strong form sensibility with experience in spatial narratives, and cross-category design.- Seeking junior ID role in consumer electronics.

---

## Education

ArtCenter College of Design. Product Design  
Bachelor of Science  
(2022-Anticipated May 2026)  
RISD Summer Course (2020)

## Projects

### NIKE Moveo

*Product Design 4 — 2024*

Designed Human-centered electric wheelchair-walker hybrid inspired by Nike's empowerment philosophy.  
Focused on enabling smooth indoor-outdoor mobility for seniors with osteoarthritis.  
Conducted user interviews & behavior observations  
Developed concept video and teaser  
Applied "form follows function" & visual CMF strategy

### Trudon Fireplace Mantel

*designlab 1 – 2024*  
(Presented digitally at student gallery)

Designed a fireplace mantel for luxury candle brand Trudon by combining baroque elegance with modernism in form and CMF.  
Explored visual brand language through brand book study in a team collaboration  
Executed form development and surface modeling  
Delivered high-fidelity concept aligned with brand identity

### Spypal

*Product Design 3 – 2023*  
(Presented at student gallery)

Designed an educational printer for children with ADHD, involving task management with "phygital" play  
Collaborated with a child psychology institute from early research to final prototype  
Conducted user interviews and mapped behavior patterns into product features  
Built high-fidelity prototypes using 3D printing  
Developed CMF strategies based on cognitive load and color response in children

## Academic Experience

### ArtCenter Berlin Studio

*2025.1.17- 4 (Exhibition)*

Developed an installation-bar exploring Feierabend culture.  
Created 1:25 model + 1:1 details; rendered in KeyShot  
Blending artistic installation with functional pop-up design  
Cross-cultural design with a global team

## Software

*design*

SolidWorks (primary CAD platform), gravity  
sketch  
Keyshot, midjourney, Vizcom  
Procreate, Adobe photoshop,  
illustrator, indesign

*communication*

Figma, Miro, powerpoint

## Skills

Sketching, Marker Rendering,  
surface modeling, CMF board,  
Teaser video, Digital Rendering, 3D  
printing, CNC, Prototyping  
Storyboard, User scenarios,  
interviews, trend forecasting, brand  
study, design direction

## Language

Mandarin (Native),  
English (Fluent),  
German (Conversational)
